- \* Non-Income Producing
- 1 Investment does not issue or provide shares.
- 2 The rate is the annualized seven-day yield at period end.
- Represents fair value as determined by the Fund's Board of Trustees (the "Board"), or its designee in good faith, pursuant to the policies and procedures approved by the Board. Securities with a total aggregate value of \$30,562,467 or 48.0% of net assets, were fair valued under the Fund's valuation procedures and classified as Level 3 within the three tier fair value hierarchy as of September 30, 2023.
- 4 These investments are valued at the net asset value as practical expedient in accordance with the Fund's valuation policies.
- All or a portion of this security is segregated as collateral for written options. The value of the securities pledged as collateral was \$329,765 which represents 0.5% of total net assets of the Fund.
- 6 Income is variable because it is distributed according to a cascading structure made up of sequential tiers.
- 7 Affiliated company.
- 8 Investment was received for investing in Riparian Housing Investors I, LLC Class B-2 (preferred equity), but is in a separate share class (equity Class A-2 shares).

Totals			\$ 7,155,596	\$ 67,030,784	\$ 68,178,004		107.1%

- <sup>a</sup> Securities generally offered in private placement transactions and as such are illiquid and generally restricted as to resale.
- Quarterly redemptions, subject to a 90 day redemption notice period, allowed after an initial 3-year lock up period expiring 12/13/2024.
- <sup>c</sup> The Fund is limited to redemptions of 5% of the Fund NAV per quarter and 20% annually, and the company can delay or suspend these redemptions at their sole discretion. There are no redemptions for an investor in their first year of investment.
- The Fund indirectly bears fees and expenses as an investor in the Private Real Estate Investment Funds. Each investor of each Private Real Estate Investment Fund will pay the investment manager of the Private Real Estate Investment Fund a management fee. The fee rate varies and ranges from 0.75% to 2.00% per annum of the NAV of that Private Real Estate Investment Fund. Additionally, the investment manager of each Private Real Estate Investment Fund may generally receive a contingent incentive fee/allocation from each investor ranging from 10% to 100% of net new realized appreciation of that Private Real Estate Investment Fund over a return hurdle rate ranging from 6.0% to 12.0% as of the end of each performance period for which an incentive fee/allocation is calculated.
- Quarterly redemptions, subject to a 90 day redemption notice period, allowed after an initial 1-year lock up period expiring 4/3/2024 and Redemption Interests will be redeemed in 20% quarterly increments following the Redemption Effective Date.
- Quarterly redemptions, subject to a 90 day redemption notice period, allowed after an initial 2-year lock up period expiring 4/17/2024.
- The Fund will not redeem more than 5% of the Fund NAV in a calendar year, redemptions are subject to availability of distributable cash as determined by the Company.

<sup>\*</sup> Commencement of operations.

<sup>&</sup>lt;sup>1</sup> Based on average shares outstanding for the period.

Not annualized.

The expense and net investment income/loss ratios do not directly reflect the expenses of the underlying funds in which the Fund invests. The Fund invests in each underlying fund based upon its net asset value, inclusive of management fees, which typically range from 0% to 1.8% on an annualized basis. The Fund's Total Return is reported net of all fees and expenses.

<sup>4</sup> Annualized

If line of credit interest expense and interest expense had been excluded, the expense ratios would have been lowered by 0.78% and 0.72% for the six months ended September 30, 2023 and for the year ended March 31, 2023. Excluding these expenses, the ratio of net expenses to average net assets for the six months ended September 30, 2023 and for the year ended March 31, 2023 would equal 1.50%. For the period ending March 31, 2022, the ratios would have been lowered by 0.00%.

<sup>&</sup>lt;sup>6</sup> Calculated by subtracting the Fund's total liabilities (not including borrowings) from the Fund's total assets and dividing this by the total number of senior indebtedness units, where one unit equals \$1,000 of senior indebtedness.

Notes to Financial Statements September 30, 2023 (Unaudited)

## Note 1 - Organization

Thirdline Real Estate Income Fund (the "Trust" or the "Fund"), a Delaware statutory trust registered under the Securities Act of 1933 (the "Securities Act") and Investment Company Act of 1940 (the "Investment Company Act") on April 7, 2021 as a closed-end, non-diversified management investment company that is operated as an "interval fund". The Fund commenced operations on September 29, 2021.

The Fund's investment objective is to generate current income with low volatility and low correlation to broader equity and bond markets. As a secondary objective, the Fund also seeks moderate long-term capital appreciation. The Fund pursues its investment objectives by investing, under normal circumstances, at least 80% of assets, including the amount of any borrowings for investment purposes, in real estate investments which may include common stock, partnership or similar interests, convertible or non-convertible preferred stock, and convertible or non-convertible secured or unsecured debt issued by: private real estate investment funds; non-traded unregistered real estate investment trusts; publicly registered real estate investment trusts; exchange traded funds, index mutual funds, and other investment vehicles such as closed-end funds, publicly traded partnerships and mutual funds that invest principally, directly or indirectly, in real estate. The Fund does not intend to focus on any one sector of the real estate industry, and, at times, the Fund's investments may be positioned in any one or more of the many sectors including, but not limited to, multi-family, industrial, office, retail, hospitality, residential, medical, self-storage, data centers, cell towers, manufactured housing, land, and infrastructure.

#### Note 2 - Significant Accounting Policies

**Basis of Preparation and Use of Estimates** - The Fund is an investment company and follows the accounting and reporting guidance under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 946, Financial Services – Investment Companies. The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of the financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from these estimates.

**Valuation** - The net asset value ("NAV") of the Fund's Shares is determined daily, as of the close of regular trading on the NASDAQ (normally, 4:00 p.m., Eastern time). Each Share is offered at the NAV next calculated after receipt of the purchase in good order. The price of the Shares increases or decreases on a daily basis according to the NAV of the Shares. The NAV of the Fund will equal, unless otherwise noted, the value of the total assets of the Fund, less all of its liabilities, including accrued fees and expenses.

The Fund values its investments daily at fair value. If market quotations are not readily available (as in the case of private real estate investment funds and private direct real estate investments) securities are valued at fair value in accordance with pricing and valuation procedures adopted by the Fund's Board of Trustees (the "Board"). In accordance with Rule 2a-5 under the 1940 Act, which establishes requirements for determining fair value in good faith for purposes of the 1940 Act, including related oversight and reporting requirements, the Board designated Thirdline Capital Management, LLC (the "Adviser") as the Fund's valuation designee (as defined in the rule). The valuation designee is responsible for determining fair value in good faith for any and all Fund investments, subject to oversight by the Board. Fair valuation involves subjective judgments, and it is possible that the fair value determined for a security may differ materially from the value that could be realized upon the sale of the security. There is no single standard for determining fair value of a security. Likewise, there can be no assurance that the Fund will be able to purchase or sell a portfolio security at the fair value price used to calculate the Fund's NAV. Rather, in determining the fair value of a security for which there are no readily available market quotations, the Adviser may consider several factors, including: (1) common factors including, but not limited to, pricing history, current market level, third-party appraisals supply and demand of the respective security; (2) comparison to the values and current pricing of securities that have comparable characteristics; (3) knowledge of historical market information with respect to the security; (4) other factors relevant to the security which may include, but are not limited to, duration, yield, fundamental analytical data, the Treasury yield curve, and credit quality. The Adviser will also consider periodic financial statements (audited and unaudited) or other information provided by the issuer. The Adviser will attempt to obtain current information to value all fair valued securities, but it is anticipated that portfolio holdings of private real estate investment funds may be available on no more than a quarterly basis.

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 2 - Significant Accounting Policies (continued)

The fair value of a private real estate investment fund ordinarily will be the NAV of that investment determined and reported by the investment in accordance with the valuation policies established by the investment and/or its Investment Manager, absent information indicating that such value does not represent the fair value of the interest. The Fund could reasonably expect to receive the NAV of its interests amount from the investment if the Fund's interest were redeemed at the time of valuation, based on information reasonably available at the time the valuation is made and that the Fund believes to be reliable. In particular, FASB Topic 820, Fair Value Measurements ("FASB ASC 820") permits a reporting entity to measure the fair value of an investment that does not have a readily determinable fair value based on the NAV per share, or its equivalent, of the investment as a practical expedient, without further adjustment, unless it is probable that the investment would be sold at a value significantly different than the NAV. If the practical expedient NAV is not as of the reporting entity's measurement date, then the NAV should be adjusted to reflect any significant events that may change the valuation. In using the NAV as a practical expedient, certain attributes of the investment that may impact its fair value are not considered in measuring fair value. Attributes of those investments include the investment strategies of the investment and may also include, but are not limited to, restrictions on the investor's ability to redeem its investments at the measurement date and any unfunded commitments. The Fund is permitted to invest in alternative investments that do not have a readily determinable fair value, and as such, has elected to use the NAV as calculated on the reporting entity's measurement date as the fair value of the investment. A listing of each investment by the Fund can be found in the Schedule of Investments.

Due to the nature of the investments, changes in market conditions and the economic environment may significantly impact the value of the investments and the fair value of the Fund's interests in the investments. Under some circumstances, the Adviser may determine, based on other information available to the Adviser, that an investment's reported valuation does not represent fair value. If it is determined that the investment's reported valuation does not represent fair value, the Adviser may choose to make adjustments to reflect the fair value. In addition, the Fund may not have an investment's reported valuation as of a particular fiscal period end. In such cases, the Adviser would determine the fair value of such an investment based on any relevant information available at the time.

Readily marketable portfolio securities listed on the NYSE are valued, except as indicated below, at the last sale price reflected on the consolidated tape at the close of the NYSE on the business day as of which such value is being determined. If there has been no sale on such day, the securities are valued at the mean of the closing bid and asked prices on such day. If no bid or asked prices are quoted on such day or if market prices may be unreliable because of events occurring after the close of trading, then the security is valued by such method as the Adviser shall determine in good faith to reflect its fair market value. Readily marketable securities not listed on the NYSE but listed on other domestic or foreign securities exchanges are valued in a like manner.

Portfolio securities traded on more than one securities exchange are valued at the last sale price on the business day as of which such value is being determined as reflected on the consolidated tape at the close of the exchange representing the principal market for such securities. Securities trading on the NASDAQ are valued at the NASDAQ official closing price.

Readily marketable securities traded in the over-the-counter market, including listed securities whose primary market is believed by the Adviser to be over-the-counter, are valued at the mean of the current bid and asked prices as reported by the NASDAQ or, in the case of securities not reported by the NASDAQ or a comparable source, as the Adviser deems appropriate to reflect their fair market value. Where securities are traded on more than one exchange and also over-the-counter, the securities will generally be valued using the quotations the Adviser believes reflect most closely the value of such securities.

Options are valued at the mean of the last quoted bid and ask prices as of the close of regular trading on the primary exchange in which they trade. If there is no recent bid price for an option, the ask price will be used. In determining prices for exchange-listed options, pricing will be based on prices as reported on the option's primary exchange.

**Federal Income Taxes** - The Fund intends to continue to be taxed as a real estate investment trust ("REIT") for U.S. federal income tax purposes under the Internal Revenue Code of 1986, as amended (the "Code"). The Fund operates in such a manner to qualify for taxation as a REIT. The Fund's qualification for taxation as a REIT will depend upon its ability to meet the various and complex REIT qualification tests imposed under the Code. No assurance can be given that the Fund will in fact satisfy such requirements for any taxable year. If the Fund qualifies for taxation as a REIT, it generally will be allowed to deduct dividends paid to its Shareholders and, as a result, it generally will not be subject to U.S. federal income tax on that portion of its ordinary income and any net capital gain that it annually distributes to its Shareholders, as long as the Fund meets the minimum distribution requirements under the Code. The Fund intends to make distributions (at least 90% of the

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 2 - Significant Accounting Policies (continued)

Fund's annual REIT taxable income) to its Shareholders on a regular basis as necessary to avoid material U.S. federal income tax and to comply with the REIT distribution requirements. Even if the Fund qualifies for taxation as a REIT, it may be subject to certain state and local taxes on its income and property, and federal income and excise taxes on its undistributed income.

Distributions to shareholders from net investment income and net realized gains, if any, are recorded on the ex-dividend date. Such distributions are determined in conformity with income tax regulations, which may differ from GAAP. The timing and character of distributions made during the year from net investment income or net realized gains may differ from their ultimate characterization for federal income tax purposes. To the extent that these differences are permanent in nature, such amounts are reclassified within the capital accounts based on their federal tax-basis treatment. Temporary differences do not require reclassifications.

Management of the Fund has reviewed tax positions taken in the tax periods that remain subject to examination by all major tax jurisdictions, including federal, and has concluded that no provision for unrecognized tax benefits or expenses is required in these financial statements. The Fund recognizes interest and penalties, if any, related to unrecognized tax benefits as income tax expense on the Statement of Operations. During the period ended September 30, 2023, and fiscal year ended March 31, 2023, the Fund did not incur any interest or penalties.

If the Fund's distributions exceed its earnings and profits, all or a portion of the distributions made in the taxable year may be treated as a return of capital to shareholders. A return of capital distribution generally will not be taxable but will reduce a shareholder's cost basis and result in a higher capital gain and lower capital loss when the Shares on which the distribution was received are sold. A return of capital distribution does not necessarily reflect the Fund's investment performance and should not be confused with "yield" or "income."

**Security Transactions and Investment Income** - The Fund's transactions are accounted for on a trade-date basis. Realized gains and losses on the Fund's transactions are determined on a specific identification basis. Interest income is recognized on the accrual basis. Dividend income is recognized on the ex-dividend date. The Fund accounts for capital gain distributions from private investment funds based on the nature of such distributions as determined by each underlying private investment fund. Capital gain distributions received, if any, are recorded as capital gains as soon as this information is available to the Fund and its service providers.

Fees and Expenses - The Fund will bear all expenses incurred in the business of the Fund.

The Fund will also indirectly bear a portion of the income and expenses of private real estate investment funds, non-traded unregistered real estate investment trusts, publicly registered real estate investment trusts, exchange traded funds, index mutual funds, and other investment vehicles such as closed-end funds, publicly traded partnerships and mutual funds that invest principally, directly or indirectly, in real estate. That income and those expenses are recorded in the Fund's financial statements as change in unrealized appreciation/depreciation and not as income or expense on the Statement of Operations.

**Dividend Reinvestment** - The Fund provides distribution options for its Shareholders. Under these options, if the Fund declares a distribution, then a Shareholder's distribution will be automatically reinvested in additional Shares unless the Shareholder has specifically elected in its application (or otherwise) to receive cash. Pursuant to the dividend reinvestment policy, a Shareholder will receive additional Shares, including fractions of Shares, at a price equal to the NAV per Share on the date of distribution. The automatic reinvestment of distributions does not relieve participants of any U.S. federal income tax that may be payable (or required to be withheld) on such distributions.

## Note 3 – Investment Advisory and Other Agreements

The Adviser is a limited liability company organized under the laws of the Commonwealth of Virginia, serves as the investment adviser to the Fund and is registered as an investment adviser with the SEC under the Investment Advisers Act of 1940. The Fund has entered into an investment advisory agreement with the Adviser, pursuant to which the Adviser will provide general investment advisory services for the Fund. For providing these services, the Adviser will receive a fee from the Fund, accrued daily and paid monthly, at an annual rate equal to 0.98% of the Fund's average daily net assets.

Pursuant to an Expense Limitation Agreement the Adviser has contractually agreed to waive its advisory fee and/or pay or reimburse the ordinary annual operating expenses of the Fund (including organization and offering costs, but excluding brokerage commissions, dividend expense on securities sold short, borrowing costs related to short-selling securities, interest expense, acquired fund fees and expenses, and extraordinary or non-routine expenses such as litigation expenses, taxes

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 3 - Investment Advisory and Other Agreements (continued)

related to a failure to qualify as a REIT or meet distribution requirements and IRS or federal agency fees or charges, any fees related to directly-held property by the Fund, which includes investments through a joint-venture or wholly-owned subsidiary) to the extent necessary to limit the Fund's Operating Expenses to 1.50% of the Fund's average daily net assets. The Adviser is entitled to seek reimbursement from the Fund of fees waived or expenses paid or reimbursed to the Fund for a period ending three years after the date of the waiver, payment or reimbursement, subject to the limitation that a reimbursement will not cause the Fund's Operating Expenses to exceed the lesser of (a) the expense limitation amount in effect at the time such fees were waived or expenses paid or reimbursed, or (b) the expense limitation amount in effect at the time of the reimbursement. The Expense Limitation Agreement shall become effective and shall remain in effect for one year from the effective date of the advisory agreement and thereafter shall continue in effect from year to year for successive one-year periods provided that such continuance is approved at least annually by the Board, unless sooner terminated. As of September 30, 2023, reimbursements that may potentially be made by the Fund to the Adviser total \$674,381, which expire as follows:

August 5, 2024	\$ 27,605
March 31, 2025	\$ 160,484
March 31, 2026	\$ 313,704
March 31, 2027	\$ 172,588

UMB Fund Services, Inc. (the "Administrator") serves as administrator, accounting agent and transfer agent to the Fund. Pursuant to the agreement with the Administrator, for the services rendered to the Fund by the Administrator, the Fund pays the Administrator the greater of an annual minimum fee or an asset based fee, which scales downward based upon net assets for fund administration, fund accounting and transfer agency services.

The Fund has entered into a Custody Agreement with UMB Bank, n.a. (the "Custodian"). Under the terms of this agreement, the Custodian will serve as custodian of the Fund's assets.

The Fund has entered into a distribution agreement with UMB Distribution Services, LLC to act as the distributor for the sale of Shares.

CCO Technology, LLC (d/b/a Joot) provides Chief Compliance Officer ("CCO") services to the Trust.

Certain Officers of the Fund are affiliated with either the Adviser or another of the Fund's service providers.

#### Note 4 - Federal Income Taxes

At March 31, 2023, gross unrealized appreciation and depreciation of investments owned by the Fund, based on cost for federal income tax purposes were as follows:

Cost of investments	\$ 59,344,344
Gross unrealized appreciation	\$ 7,567,469
Gross unrealized depreciation	 (1,270,033)
Net unrealized appreciation (depreciation) on investments	\$ 6,297,436

The difference between cost amounts for financial statement and federal income tax purposes is due primarily to timing differences in recognizing certain gains and losses in securities transactions.

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 4 - Federal Income Taxes (continued)

As of December 31, 2022, the components of distributable earnings (deficit) on a tax basis were as follows:

Undistributed ordinary income	\$ _
Undistributed long-term capital gains	_
Net operating losses	(5,701,243)
Unrealized appreciation on investments	6,038,250
Total distributable earnings	\$ 337,007
The tax character of distributions paid during the tax year ended December 31, 2022 were as followed:	

As of December 31, 2022, for federal income tax purposes, the Fund had \$5,701,243 of net operating loss (NOL) carryforwards available to offset future income, if any, that may be carried forward indefinitely, to the extent provided by the Treasury regulations.

#### Note 5 - Investment Transactions

For the six months ended September 30, 2023, purchases and sales of investments, excluding short-term investments, were \$4,753,742 and \$85,198, respectively.

#### Note 6 – Shareholder Servicing Expenses

The Fund is subject to fees pursuant to a "Shareholder Services Plan" adopted by the Board. These fees are paid by the Fund to broker-dealers or other financial intermediaries who provide administrative support services to shareholders on behalf of the Fund. Under the Shareholder Services Plan, the Fund may incur expenses on an annual basis up to a maximum of 0.25% of its average net assets. The fees charged by the intermediaries will vary. Because these fees are paid out of the Fund's assets on an ongoing basis, these fees will increase the cost of your investment in the Fund and may cost you more than paying other types of fees. The Shareholder Services Plan was not adopted pursuant to Rule 12b-1 of the 1940 Act and therefore cannot be used to pay for distribution related expenses. For the period April 1, 2022 through June 30, 2022, the Fund accrued expenses under the Shareholder Services Plan of 0.25% of the Fund's average net assets. For the period July 1, 2022 through September 30, 2023, the Fund accrued expenses under the Shareholder Services Plan of 0.05% of the Fund's average net assets. For the six months ended September 30, 2023, the Fund accrued \$47,308 of expenses under the Shareholder Services Plan, which includes an additional expense of \$32,000 related to the setup of an intermediary.

#### Note 7 - Fair Value Measurements and Disclosure

The Fund measures fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The three levels of the fair value hierarchy are:

- Level 1 Unadjusted quoted prices for identical securities in an active market. Since valuations are based on quoted prices that are readily-accessible at the measurement date, valuation of these securities does not entail a significant degree of judgment.
- Level 2 Quoted prices in non-active markets for which all significant inputs are observable either directly or indirectly. Level 2 inputs may also include pricing models whose inputs are observable or derived principally from or corroborated by observable market data.
- Level 3 Prices or valuation techniques that require inputs that are both significant to the fair value and unobservable. Little if any market activity exists for Level 3 securities.

Notes to Financial Statements September 30, 2023 (Unaudited) (Continued)

#### Note 7 - Fair Value Measurements and Disclosure (continued)

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different Levels of the fair value hierarchy. In such cases, for disclosure purposes, the Level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest Level input significant to the fair value measurement in its entirety.

In accordance with Accounting Standards Update ("ASU") 2015-07, Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), investments valued at the net asset value as practical expedient are not included in the fair value hierarchy. As such, investments in Private Real Estate Investment Funds with a fair value of \$37,615,537 are included in the table below to permit reconciliation of the fair value Hierarchy to the amounts presented in the Statement of Assets and Liabilities.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities. The following is a summary of the inputs used, as of September 30, 2023, in valuing the Fund's assets carried at fair value:

Assets	Level 1	Level 2	Level 3	Total
Investments				
Preferred Stocks	\$ 887,545	\$ _	\$ _	\$ 887,545
Private Direct Real Estate Investments	_	_	29,537,785	29,537,785
Private Real Estate Investment Funds	_	_	1,024,682	1,024,682
Purchased Options Contracts	20,250	_		20,250
Short Term Investments	 807,039	_	_	807,039
Sub Total	\$ 1,714,834	\$ _	\$ 30,562,467	\$ 32,277,301
Private Real Estate Investment Funds				\$ 37,615,537
Total Investments				\$ 69,892,838

The following is a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining value:

	R	vate Direct eal Estate vestments	Private Real Estate Investment Funds		
Beginning balance March 31, 2023	\$	27,324,589	\$	1,024,516	
Transfers into Level 3 during the period		_		_	
Transfers out of Level 3 during the period		_		_	
Total realized gain/(loss)		_		_	
Total unrealized appreciation/(depreciation)		551,095		166	
Net return of capital		(399)		_	
Net purchases		1,662,500		_	
Net sales					
Balance as of September 30, 2023	\$	29,537,785	\$	1,024,682	

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 7 - Fair Value Measurements and Disclosure (continued)

The following table presents additional information about valuation methodologies and inputs used for investments that are measured at fair value and categorized within Level 3 as of September 30, 2023:

	_	Fair Value ptember 30, 2023	Valuation Methodologies	Unobservable Input <sup>(1)</sup>	Input Range/ Value
Private Direct Real Estate Investments	\$	4,287,500	Cost Basis	Recent Transaction Price	N/A <sup>(2)</sup>
	\$	8,395,824	Income approach with a waterfall analysis	Cap Rate	5.00% to 7.00% (5.95% Avg.)
	\$	16,854,461	Discounted cash flow analysis with risk profile adjustments	Discount Rate	8.88% to 11.71% (10.48% Avg.)
Private Real Estate Investment Funds	\$	1,024,682	Cost basis	Recent Transaction Price	N/A <sup>(2)</sup>

<sup>(1)</sup> Net operating income increases and cap rate decreases relative to the investment's inception, cause increases in the valuation. Decreases in net operating income and increases in cap rate cause decreases in the valuation. Increase in discount rates cause downward valuation adjustments and decreases in discount rates cause upward valuation adjustments.

## Note 8 – Derivatives and Hedging Disclosures

The Fund has adopted the disclosure provisions of FASB ASC 815, Derivatives and Hedging. Derivatives and Hedging requires enhanced disclosures about the Fund's derivative and hedging activities, including how such activities are accounted for and their effects on the Fund's financial position, performance and cash flows. The Fund may at times invest in derivatives for risk management, income generation and for capital appreciation. The Fund invested in options and participated in written options during the six months ended September 30, 2023.

The effects of these derivative instruments on the Fund's financial position and financial performance as reflected in the Statement of Assets and Liabilities and Statement of Operations are presented in the tables below. The fair values of derivative instruments as of September 30, 2023 by risk category are as follows:

	Asset Derivatives		Liability Derivatives				
Derivatives not designated as hedging instruments	Statement of Asset and Liabilities Location		Value	Statement of Asset and Liabilities Location		Value	
Facility as interests	Purchased options	_	20.250	Written options	<b>+</b>		
Equity contracts	contracts, at value	\$	20,250	contracts, at value	\$		_
Total		\$	20,250		\$		

<sup>(2)</sup> The inputs were not determined by management.

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 8 - Derivatives and Hedging Disclosures (continued)

The effects of derivative instruments on the Statement of Operations for the six months ended September 30, 2023 are as follows:

#### Amount of Realized Gain or (Loss) on Derivatives Recognized in Income

Derivatives not designated as hedging instruments	urchased Options ontracts	Written Options Contracts		
Equity contracts	\$ (303,574)	\$	83,259	
Interest contracts	(21,578)		4,945	
Total	\$ (325,152)	\$	88,204	

#### Change in Unrealized Appreciation/Depreciation on Derivatives Recognized in Income

Derivatives not designated as hedging instruments	(	rchased Options ontracts	ten Options Contracts
Equity contracts	\$	(10,674)	\$ (18,538)
Interest contracts		13,814	(3,403)
Total	\$	3,140	\$ (21,941)

The quarterly average volumes of derivative instruments as of September 30, 2023 are as follows:

#### Derivatives not designated as hedging instruments

Equity contracts	Purchased options contracts	Notional value	\$ 17,085,000
	Written options contracts	Notional value	\$ 9,163,333
Interest contracts	Purchased options contracts	Notional value	\$ 750,000
	Written options contracts	Notional value	\$ 800,000

#### Note 9 - Credit Agreement

The Fund entered into a credit agreement with SouthState Bank which currently has a credit limit of \$25,000,000. The Fund is charged variable interest for borrowing under this agreement based on the 30-day Secured Overnight Financing Rate plus 2.95%. The credit agreement has been renewed for an additional 24 month term (through September 29, 2025) and is renewable. As compensation for holding the credit agreement available, the Fund was charged a non-refundable loan fee. In accordance with ASC 835, costs incurred by the Fund in connection with the credit agreement were recorded as a prepaid expense and recognized as prepaid expenses on the Statement of Assets and Liabilities. These debt issuance costs will be amortized into interest expense over the initial period of the credit agreement. For the six months ended September 30, 2023, such debt issuance costs expensed to the Fund were \$31,160. The average interest rate, average daily loan balance, maximum outstanding and amount recorded as interest expense for the 183 days the Fund had outstanding borrowings were 8.33%, \$5,622,131, \$7,525,000 and \$238,165, respectively. As of September 30, 2023 the Fund had \$6,750,000 of outstanding borrowings.

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 10 - Limited Liquidity

The Fund is a closed-end interval fund and, to provide liquidity and the ability to receive NAV on a disposition of at least a portion of Shares, makes quarterly offers to repurchase Shares. No shareholder will have the right to require the Fund to repurchase its Shares, except as permitted by the Fund's interval structure. No public market for the Shares exists, and none is expected to develop in the future. Consequently, shareholders will not be able to liquidate their investment other than as a result of repurchases of their Shares by the Fund, and then only on a limited basis.

The Fund has adopted, pursuant to Rule 23c-3 under the Investment Company Act, a fundamental policy, which cannot be changed without shareholder approval, requiring the Fund to offer to repurchase at least 5% of its Shares at NAV on a regular schedule.

Shareholders who tender for repurchase Shares that have been held, as of the time of repurchase, less than 365 days from the purchase date will be subject to a repurchase fee (early withdrawal charge) of 1.00% of the original purchase price. The Fund may waive the repurchase fee in the following situations: (1) shareholder death or (2) shareholder disability. Any such waiver does not imply that the repurchase fee will be waived at any time in the future or that it will be waived for any other shareholder.

Data regarding the repurchase offers conducted by the Fund for the six months ended September 30, 2023 are as follows:

	Repurchase Offer #1	Repurchase Offer #2
Commencement Date	April 11, 2023	July 11, 2023
Repurchase Offer Deadline	May 16, 2023	August 15, 2023
Repurchase Pricing Date	May 16, 2023	August 15, 2023
Net Asset Value as of the Repurchase Pricing date	\$10.07	\$10.09
Value of Shares Repurchased	\$1,549,980	\$577,160
Shares Repurchased	153,921	57,194
Percentage of Outstanding Shares Repurchased	2.63%	0.92%
Repurchase Fees	\$5,378	\$648

#### Note 11 - Indemnifications

In the normal course of business, the Fund enters into contracts that contain a variety of representations which provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. However, the Fund expects the risk of loss to be remote.

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 12 - Investments in Affiliated Issuers

An affiliated issuer is an entity in which the Fund has ownership of a least 5% of the voting securities in an underlying fund. Issuers that are affiliates of the Fund at year-end are noted in the Fund's Schedule of Investments. The table below reflects transactions during the period with entities that are affiliates as of September 30, 2023:

	Value							Change in Unrealized	
Fund/Security Description	Beginning of Period	Pur	chases	Sales Proceed		Net Realized Gain (Loss)	Return of Capital	Appreciation (Depreciation)	Value End of Period
3985 N Stone Ave, LLC <sup>2</sup>	\$ 2,000,000	\$	_	\$	_	\$ -	\$ -	\$ (11,000)	\$ 1,989,000

<sup>(1)</sup> The Fund has ownership greater than 25% in the underlying fund.

#### Note 13 - Risk Factors

Investing in the Fund involves risk, including, but not limited to the risks noted below. The risks described below are not intended to be a complete listing and explanation of the risks involved with an investment in the Fund. For a more complete discussion of the risks of investing in the Fund, see the Fund's prospectus and statement of additional information.

<sup>(2)</sup> These issuers weren't affiliated as of March 31, 2023.

Notes to Financial Statements
September 30, 2023 (Unaudited) (Continued)

#### Note 13 - Risk Factors (continued)

**Real Estate Industry Concentration Risk** - The Fund's investments in real estate industry securities, either directly or through its investments in Private and Public REITs, Private Real Estate Funds and Other Public Real Estate Securities, its portfolio will be significantly impacted by the performance of the real estate market and may experience more volatility and be exposed to greater risk than a more diversified portfolio. The value of companies engaged in the real estate industry is affected by: (i) changes in general economic and market conditions; (ii) changes in the value of real estate properties; (iii) risks related to local economic conditions, overbuilding and increased competition; (iv) increases in property taxes and operating expenses; (v) changes in zoning laws; (vi) casualty and condemnation losses; (vii) variations in rental income, neighborhood values or the appeal of property to tenants; (viii) the availability of financing and (ix) changes in interest rates and leverage. There are also special risks associated with particular real estate sectors, or real estate operations generally.

**Industry Concentration** – If the Fund has significant investments in the securities of issuers within a particular industry, any development affecting that industry will have a greater impact on the value of the net assets of the Fund than would be the case if the Fund did not have significant investments in that industry. In addition, this may increase the risk of loss in the Fund and increase the volatility of the Fund's NAV per share. Occasionally, market conditions, regulatory changes, or other developments may negatively impact this industry, and therefore the value of the Fund's portfolio will be adversely affected. As of September 30, 2023, the Fund had 107.9% of the value of its net assets invested within the real estate industry.

**Issuer and Non-Diversification Risk** - The value of a specific security can perform differently from the real estate market for reasons related to the performance of the investment manager, the financial leverage of the issuer, and reduced demand for the properties and services of the issuer. The Fund's performance may be more sensitive to any single economic, business, political or regulatory occurrence because the Fund may invest more than 5% of its total assets in the securities of one or more issuers.

Risks Related to the Fund's Tax Status as a REIT. The Fund intends to be taxed as and to qualify for treatment each year as a REIT under the Code. However, qualification as a REIT for tax purposes involves the application of highly technical and complex Code provisions for which only a limited number of judicial or administrative interpretations exist. Notwithstanding the availability of cure provisions in the Code, various compliance requirements could be failed and could jeopardize the Fund's REIT tax status. Failure to qualify for taxation as a REIT would cause the Fund to be taxed as a regular corporation, which would substantially reduce funds available for distributions to Shareholders. In addition, complying with the requirements to maintain its REIT tax status may cause the Fund to forego otherwise attractive opportunities or to liquidate otherwise attractive investments, adversely affect the Fund's liquidity and force the Fund to borrow funds during unfavorable market conditions, and/or limit the Fund's ability to hedge effectively and cause the Fund to incur tax liabilities.

**Valuation Risk** - The Fund is subject to valuation risk, which is the risk that one or more of the assets in which the Fund invests are priced incorrectly, due to factors such as incomplete data, market instability or human error. If the Fund ascribes a higher value to assets and their value subsequently drops or fails to rise because of market factors, returns on the Fund's investment may be lower than expected and could experience losses.

**Risks of Investing in the Equity of Private REITs** - The Fund's equity investments in private REITs will require it to bear a pro rata share of the REIT's expenses, including management and, if applicable, performance fees. Private REITs are not subject to the leverage restrictions imposed by the 1940 Act and as a result, the Fund could be effectively leveraged in an amount exceeding the limitations imposed by the 1940 Act, which could amplify losses suffered by the Fund when compared to unleveraged investments. The private REITs will not be registered as investment companies under the 1940 Act and as a result, the Fund will not have the benefit of the 1940 Act's protective provisions. The Fund may not have sole decision-making authority over the private REIT and may be unable to take actions to protect its interests in these investments.

**Interest Rate Risk** - Changes in interest rates, including changes in expected interest rates or "yield curves," may affect the Fund's business in a number of ways. Changes in the general level of interest rates can affect the Fund's net interest income, which is the difference between the interest income earned on the Fund's interest-earning assets and the interest expense incurred in connection with its interest-bearing borrowings. Changes in the level of interest rates also can affect, among other things, the Fund's ability to acquire certain real estate industry securities at attractive prices and acquire or originate certain of the debt investments at attractive prices.

**Exchange-Traded Funds, Closed-End Funds and Mutual Funds Risk** - To the extent that the Fund invests in ETFs, closed-end funds and/or mutual funds, the Fund will indirectly bear its proportionate share of any expenses (such as operating expenses and advisory fees) that may be paid by the underlying funds. These expenses would be in addition to the advisory fee and other expenses that the Fund bears in connection with its own operations. Investment in an ETF and/or closed-end

Notes to Financial Statements

## Note 13 - Risk Factors (continued)

fund carries security specific risk and the market risk. Also, if the area of the market representing the underlying index or benchmark or the basket of securities held by the ETF, closed-end fund or mutual fund does not perform as expected for any reason, the value of the investment in the ETF, closed-end fund and/or mutual fund may decline. In addition, due to transactions via market prices rather than at net asset value, the performance of an ETF and/or closed-end fund may not completely replicate the performance of the underlying index.

**Liquidity Risk** - There is currently no secondary market for Fund shares and the Fund expects that no secondary market will develop. Shares of closed-end investment companies, such as the Fund, that are traded on a secondary market may trade at a discount from their NAV per share and initial offering prices. Limited liquidity is provided to shareholders only through the Fund's quarterly repurchase offers for no less than 5% of the shares outstanding at such time. There is no guarantee that shareholders will be able to sell the requested number of shares (or dollar amount) in a quarterly repurchase offer, regardless of market conditions, such as a downturn. As a result of the foregoing, an investment in the Fund's shares is not suitable for investors who cannot tolerate risk of total loss or who require liquidity, other than limited liquidity provided through the Fund's repurchase policy (repurchase at least 5% quarterly). Certain of the Fund's investments (e.g., private real estate funds, private REITS and direct real estate holdings) are also subject to liquidity risk because they generally offer only limited redemptions. Liquidity risk exists when an investment of the Fund proves to be difficult to purchase or sell, possibly preventing the Fund from selling such illiquid securities at an advantageous time or price, or possibly requiring the Fund to dispose of other investments at unfavorable times or prices in order to satisfy its obligations.

**COVID-19 Risk** - In early 2020, an outbreak of a novel strain of coronavirus (COVID-19) emerged globally. This coronavirus has resulted in closing international borders, enhanced health screenings, healthcare service preparation and delivery, quarantines, cancellations, disruptions to supply chains and customer activity, as well as general public concern and uncertainty. The impact of this outbreak has negatively affected the worldwide economy, as well as the economies of individual countries, the financial health of individual companies and the market in general in significant and unforeseen ways. The future impact of COVID-19 is currently unknown, and it may exacerbate other risks that apply to the Fund, including political, social and economic risks. Any such impact could adversely affect the Fund's performance, the performance of the securities in which the Fund invests and may lead to losses on your investment in the Fund. The ultimate impact of COVID-19 on the financial performance of the Fund's investments is not reasonably estimable at this time.

#### Note 14 - Subsequent Events

In preparing these financial statements, management has evaluated subsequent events through the date of issuance of the financial statements included herein.

The Board authorized the Fund to offer to repurchase Shares from shareholders in an amount up to 5.00% of the net assets of the Fund with a November 14, 2023 valuation date. Shareholders that desired to tender Shares for repurchase were required to do so on November 14, 2023. 51 shareholders submitted repurchase offers with a repurchase value of \$2,500,109.

There have been no other subsequent events that occurred during such period that would require disclosure or would be required to be recognized in the financial statements.

Supplemental Information September 30, 2023 (Unaudited)

## **Proxy Voting Policies and Procedures**

A description of the Fund's proxy voting policies and procedures related to portfolio securities is available without charge, upon request, by calling the Fund at 1 (877) 771-7715 or on the U.S. Securities and Exchange Commission's ("SEC") website at www.sec.gov

#### **Proxy Voting Record**

Information regarding how the Fund voted proxies for portfolio securities, if applicable, during the most recent 12-month period ended June 30, is also available, without charge and upon request by calling the Fund 1 (877) 771-7715 or by accessing the Fund's Form N-PX on the SEC's website at www.sec.gov.

#### **Availability of Quarterly Portfolio Schedules**

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-PORT. The Fund's Forms N-PORT are available on the SEC's website at www.sec.gov or by calling the Fund at 1 (877) 771-7715.
